THE SUN

WEEKLY, SEMT-WEEKLY AND DAILY. THE WEEKLY SUN is too widely known to require any extended recommendation; but the reasons which have already given 't fifty thousand subscribers, and which will, we hope, give it many thousand more, are briefly as follows:

It is a first-rate newapaper. All the news of the
day will be found in it, somened when unimportant, at full length when of mement; and always presented in a clear, intelligible, and interesting manner.
If is a first-rate family paper, full of entertain ng and lostructive reading of every sind, but optaining nothing that can offered the most deli-

to and accupulous taste.
It is a first-rate story paper. The best tales and romances of current literature are carefully selected and legibly printed in its pages.

It is a first-rate agricultural paper. The most fresh and instructive articles in agricultural topics regularly appear in this department.

It is an independent pulitical paper, belonging to no party and wearing no cellar. It fights for principle, and for the election of the best men to office, it especially devotes its energies to the expenses. of the great cocruptions that now weaken and disgrace our country, and threaten to undermine republican institutions altogether. It has no fear of knaves, and make no favors from their sup-

porters.
It reports the fashions for the ladies and the markets for the men, especially the cattle markets to whith it pays particular attention.
Finally, it is the cheapest paper published.
One dollar a year will secure it for any subscriber. It is not necessary to set he a club to year. We have no traveling agents.
